

February 2

Agenda:

- Go over backlog
- Discuss new scope for the semester
- Assign tasks for first sprint back
- Questions, concerns
- Future meetings/standups

Attendance:

Ty, Amy, Gavin, Itzy, Courtney

Note Taker:

Ty

Notes:

- Fix
 - Hover icons (mute option web)
 - Pfp between mobile and web
 - Android notifications
- Focus on updating systems and fixing current bugs
- Implement notification limitations
- 18+ chat ideas
 - Find API for profanity censorship
 - Censors Non-18+ chats, and isnt used in chats flagged as 18+
- Features for this semester
 - media
 - Voice messages
 - Images
 - Hyperlinks
 - Previews
 - Interactive
 - Link recognition
 - gifs?
 - Emojis
 - Keyboard emojis
 - Custom emojis (themed to app, not anyone can upload)
- Meetings going forward
 - Mondays - 11 Online
 - Thursdays- 10:30 hybrid
- Permissions issues?

February 5

Agenda:

- Discuss assigned tasks
- Progress report
- Any new issues found?
- Go over required documentation
- Adding Caleb

Attendance:

Ty, Amy, Gavin, Itzy, Courtney, Caleb

Note Taker:

Caleb

Notes:

- Lots to focus on getting bugs done
- No new issues done other than the ones previously discussed
- Review of code and code base has been done but still needs more time before work
- Yay, a template for jira reports
- Talk to zaid
 - Adding caleb
 - Evidence links for jira
- Everyone understands what they are doing and story points have been added

February 9

Agenda:

- Officially welcome Caleb
 - Anything he still needs access to?
- Progress update on what had been done so far
- Discuss new features to add to the project this semester
- When should we look into implementing AI
- Any new bugs?
- Reminders
- General nit picks
 - We need to change the “username” to screen name (web)
 - Need to have somewhere on the friends page or in profile to see username for people to add them (web)
 - Why does arrow for messages not go straight to messages and instead links to message list

Attendance:

Ty, Amy, Gavin, Itzy, Courtney, Caleb

Note Taker:

Itzy

Notes:

- Yay, new person, we need to add more to scope
 - Chat favorites list (pinning them to the top)
 - Implementing AI
 - Android widgets
 - Look into getting app on play store?
- Working on bugs and making good progress
- Amy has verified that the last release in the android repo is the actual latest version
- Consult Mat about test coverage scores
- Add AI component after implementing media
- Account creation:
 - Disallow username with spaces
 - Should not be caps sensitive
- We have an issue with a phantom account
 - Causes crashes for android (no username associated)
 - Account created through firebase instead of regular sign up
 - Will do a system clearing of accounts after profile picture bug is fixed
 - Must make sure accounts are properly purged since passwords and emails are stored differently

February 12

Agenda:

- Progress report
 - What still needs to be done
 - What is done
 - What will get done before tuesday
 - What wont get done
- Reminders to fill out reports and save them in your folders on git
- Addition to scope
- Backend and front end for web
- What are we wanting to focus on next sprint

Attendance:

Ty, Amy, Gavin, Itzy, Courtney, Caleb

Note Taker:

Gavin

Notes:

- Yay, profiles are working again for mobile and web (setting and viewing)
- Need to make a ticket for mobile profile picture and for what caleb did (call it "Prevents multiline input for Username, Email, and Password"?)
- Need to rehost profile
- Additions to scope
 - Discussed previously-
 - Chat favorites pinned list
 - AI implementation
 - Spell check (may not be pertinent)
 - Censorship
 - Android widgets
 - Getting on the play store
 - Additional-
 - Add bot friend for new accounts that havent add friends yet
 - Ability to view profiles of others in chats
- Next sprint focus
 - Image sending
 - Block user feature
- Fix for account creation on android needed
 - default avatar should not be "/images/Logo.png"
 - Need bio, displayName
- Remove usernameColor and bgColor from web accounts (fun feature never implemented)
- Caleb taking lead on testing scores

February 16

Agenda:

- Discuss jira tasks for next sprint
- Are we prepared for demo tomorrow
- Any changes need to be made to jira sprint

Attendance:

Ty, Amy, Gavin, Itzy, Courtney, Caleb

Note Taker:

Amy

Notes:

- We don't have previous test coverage scores due to free trials ending
- Ya, images and blocking users will be implemented
- Looked over tickets for next sprint, amount of work and scope seems good to team
-
