

March 5

Agenda:

- Tasks have been assigned, reminder for story points
- Prioritize tasks
- Check in about general life
 - Are we doing ok
 - Have we been taking care of ourselves
 - Do adjustments need to be made to tasks
- AI walkthrough
 - How are we implementing
 - What do we need
- Minor UX tweaks for android
 - Move limiting notifications
 - Ability to change screen names
- Minor tweaks for web
 - Move light/dark mode toggle to settings menu
 - Fix display name for block menu
 - Add background to settings screen

Attendance:

Ty, Gavin, Itzy, Courtney, Caleb

Note Taker:

Gavin

Notes:

- Tasks look great
- Workloads look balanced but may need shuffling later on
- Gavin taking over minor nitpicks for web
- Some nitpicks for android have been communicated and will be worked on in off time

March 9

Agenda:

- Check in on progress
- Weekends?
- Story Points!
 - Reminder to update jira board
- Have we figured out the nit picks?
- Is the web page the updated live?

Attendance:

Ty, Gavin, Courtney, Caleb, Itzy

Note Taker:

Caleb

Notes:

- Ty and Caleb need to meet to continue planning AI implementation
- Progress is going well, a bit slow but still on track
- Looked forward at the remaining demos to come
- Reminder of signing up for individual presentation
 - Canvas sign up link was different from the one he sent in teams
 - Choose a new topic from last semester
- Caleb and Amy will meet to discuss who is taking on the nitpicks for Android

March 12

Agenda:

- Will we be done in time for demo
 - Does anything need to be moved to next sprint
- AI team needs to meet with me to update jira tasks to correctly reflect work
- What topics do we wish to get done next sprint?
 - Last thing for media is censorship of said media
 - Do we want to save this for when we do moderation of chat messages?
 - Lots of options in chats
- Reminder to keep jira tasks up to date and not updated last minute

Attendance:

Ty, Amy, Gavin, Itzy, Courtney, Caleb

Note Taker:

Amy

Notes:

- Things are progressing smoothly
 - Everything should be done in time for the demo
- AI team will meet separately
- Next sprint will focus on:
 - 18+ chats
 - Media Censorship
 - AI moderation
- Final sprint will consist of all the chat stuffs

March 16

Agenda:

- Will we be ready for tomorrow?
 - What will need to be carried over, if anything?
- Reminder to fill out correct documentation
- Look at the next sprint going forward
 - Make agreements regarding spring break expectations

Attendance:

Ty, Amy, Gavin, Itzy, Courtney, Caleb

Note Taker:

Itzy

Notes:

- Disclaimer that meeting was shortened compared to usual ones due to weather
- More work needs to be done for AI but will be accomplished in time
- May look into some of the code and planning but will not do any active work over spring break
